

Exemplars® Functions and Algebra Concepts Rubric

The focus of this second Exemplars rubric is on content.

Little Evidence of Achievement	Shows no evidence of understanding variables.
Just Getting Started	Shows evidence of discovering a mathematical pattern.
Transitional	Shows evidence of discovering and describing patterns, and represents relationships with tables.
Competent	Shows evidence of discovering, describing and generalizing patterns and represents relationships with tables, graphs and verbal or symbolic rules.
Sophisticated	Shows evidence of using functions to represent patterns and represent relationships with equations.

Guiding Questions:

What concepts or skills does the student need to be retaught?

What concepts or skills does the student need to practice?

What concepts or skills is the student ready to be introduced to?
